

What About That Dandruff?

There is just this much about it: Dandruff is a germ disease, is most untidy, annoying, and leads to baldness. When chronic, it is very stubborn, but surely yields to thorough and energetic treatment. All germs must be destroyed, the scalp must be restored to health. Here is the remedy: Ayer's Hair Vigor. Ask your doctor about using it.

Ayer's Hair Vigor
DOES NOT COLOR THE HAIR

RACE OFFICERS ARE SELECTED

The selection of officials to supervise the events set down for the 50th year on the Athletic Park, took place yesterday and the names of the men chosen will find confidence in the general public. William Rawlings and Lieutenant Cremo, of the Fifth Cavalry, will officiate as judges, choosing a third themselves; George Turner will start the big event; Leslie Peirce and Frank J. Kruger will act as timekeepers, and C. H. Reincke will keep check of the laps.

Soldier King will not race at the athletic park tomorrow evening, as he severely blistered his feet when he took his trial spin, and several of his friends have advised him not to race at the risk as arranged. The cement floor is too hard, and it is considered that the \$10 stake is not enough money for the injuries he is sure to sustain in his long race. He did a mile yesterday in 4:50, and his backers are sanguine of success against anybody in the islands. This afternoon King will be at Alexander Field, Punahele, when he will run with Rice and other runners. Tomorrow he will be at Kapiolani Park when he will give an exhibition run over a mile. The race will start at half-past two.

MUCH DOING ON TENNIS COURTS

Though the night tennis tournaments are now over, play still goes on in the evenings at the Moana Club's courts. Several evenings lately the court has been in constant use, as many as twenty and even twenty-five members being present. A couple of nights ago, several interesting mixed doubles were played. Mrs. Ethel Coulter and Miss Lucy Ward participating. Whenever the courts are in use in the evenings the committee of the club would like to see any non-members present who care to spend an hour or two watching the play. These evenings there is little better to do than to be out in the open watching tennis, and the charming situation of the Moana Valley courts make them an ideal rendezvous.

The courts at the Moana Hotel do not receive as much attention as do those situated nearer the heart of the city, but during the coming months it is suggested that the members of the various clubs should meet at Wai-kihi alternate Saturdays and play there. The suggestion emanated from Mrs. Church, head of the hotel entertainment department, and tennis players are much taken with the idea. Although it is not a new departure, players have welcomed the suggestion, for the Moana courts are excellent and the run out to them is always enjoyable.

The Beretania club's courts are to be put out of commission shortly, but only long enough to enable them to be shifted five feet further over towards the mauka side. At present there is hardly enough room at the ends of the courts and this is to be remedied by enlarging the ground. One fence on the mauka side will be moved ten feet back, which will give an extra five feet at each end of the courts. It is something like eleven years, said one of the leading club officials today, since anything was done to the courts, except water and roll them, and now that it has been decided to move them, the opportunity will be taken to resurface them entirely. It is also the intention of the committee to improve the courts in many ways and generally to live up to the appearance of the club. Better facilities will be provided for spectators and players alike.

The extension of the courts will confer a boon upon players and enable them to get much further back to receive speedy serves and also to return back-line balls.

There will be no tournaments played on these courts until the changes above outlined have been carried out.

Matters along at the Pacific Club are quiescent, and tennis players are asking what has happened to this institution. The courts are good, though hard, the club is in good financial position, but there seems no life in it. It is time some of the more energetic players roused the rest from their apathy and displayed some hustling. A couple of inter-club matches would brighten matters up considerably and there seems no reason why several such matches should not be arranged. A match between the Beretania and the Pacific Clubs, played, say, at the Moana courts, would prove a good draw, and a second match could then be played against Moana.

Dame Rumor states that Walter Dillingham and Wm. Roth are thinking

FOOTBALL WAS NOT VERY FAST

Yesterday's football match on the Alexander Field was rather disappointing from the spectator's point of view, for the game was played too slowly to bring out any of the new features which were expected to be exhibited. The match was between the seniors and sophomores against the postgraduates, juniors, freshmen and prep, and the first mentioned team had the balance of strength on their side. Consequently they gained more by steady rushes, but the defense of their opponents prevented them from breaking through, and timely punts and passing relieved the pressure on the juniors' line and again. There was no scoring in the game, but the match did not demonstrate the strength of either team. Line bucking was cut out of the game, and diving tackles at a player waiting to receive the ball from a forward pass were also eliminated. The interception of forward passes is permitted, and this came off almost invariably. The game was not a spectacular one, but it is evident that the new rules will brighten up the game. The players have not yet got down to the changed conditions and consequently they are slow to act.

of pairing up together as doubles players. If this should turn out to be correct, the present doubles champions will have to look to their laurels. Walter Dillingham was singles champion years ago and also shared in the doubles championship, but it is not to be expected that he will get into his best stride straight away, though after a little practice he is almost sure to play a splendid game. With Roth as a partner he should do extremely well.

The Wall cup competition will be the next big tennis fixture to be decided. While nothing has been authoritatively said as yet it is likely that the next tournament for this trophy will be played some time next month or early in December.

The efforts to make a match between Atherton Richards and young Eklund have not yet been crowned with success. Eklund is keeping up his practice at Ewa and Richards is doing the same here. A message received yesterday from the Ewa plantation said there was not much chance of a match in the immediate future, but a different opinion seems to prevail with others who are endeavoring to arrange a match. Eklund is well advised to get more practice before engaging with Atherton, for the latter has had the greater experience and naturally this is an advantage. However, when the two men do meet the encounter is certain to be a very keen one, no matter who wins.

ROWING AND SWIMMING

Beyond training for the rowing races set down for Sunday next and desultory practice with the polo ball, little is doing in aquatic circles. The Healan Club will pull off their shell race tomorrow and so far, judging from events of the past week, Cunha's crew seems to have a mortgage on the race. Earlier in the week Lightfoot's quartette surprised many by beating Kamakua's crew out of sight, and it was then that Cunha's crew began to sit up and take notice. The race did not look such a soft snap as was thought, so opportunity was taken to get alongside the lightweight crew and have a spin. Though Cunha's men pulled away from the others, and promise to do likewise tomorrow, it is not "all over bar shouting" by any means. The race will be rowed from the Hackfeld wharf to No. 10 buoy, a distance of approximately three-quarters of a mile. The crews are as follows:

No. 1—L. Cunha, stroke; C. Brown, No. 3; C. E. Mayne, No. 2; W. James, No. 1; F. Kruger, cox.

No. 2—J. Kamakua, stroke; G. Hamakua, No. 3; Grace, No. 2; M. Turner, No. 1; F. Evans, cox.

No. 3—O. Lightfoot, stroke; Lycurgus, No. 3; Berry, No. 2; Longley, No. 1; P. Hall, cox.

The youngsters will have a chance to show their skill in the shells after the big race and from all accounts the event will prove interesting. This afternoon both crews will be tried out and the weaker will be given the lighter boat to row in, so that the race may be evened up. L. Cunha is handling one crew and he has had the lads together for some time, but the other crew which is handled by C. E. Mayne, has not been out much and is not expected to show the same form as Cunha's crew. The crews are:

No. 1—Evans, stroke; Kruger, No.

2; Dwyer, No. 3; Brown, No. 1; L. Cunha, cox.

No. 2—Klemme, stroke; Fender, No. 3; Sinclair, No. 3; Decker, No. 1; C. E. Mayne, cox.

Bob McCriston found himself up against a stiff proposition yesterday, when he set out to unload a barrel of hot air regarding the prowess of the Hawaii bank swimmers, but he mislaid his man when he cornered C. E. Mayne and offered to teach the shell crew how to row. Mayne has lots of respect for the veterans, but he is loyal to his own crew and incidentally thinks it will take a lot of beating. Thus, it was not to be expected that he would let Bob put it all over him without calling the bluff. Ginger didn't give Bob a chance to explain whether he was joking or not but clinched a match and now a dinner lies in the balance. McCriston is to arrange a crew from the employees of the Bank of Hawaii to race against tomorrow's winners in the shell race, and the winners will be Mayne's crew, or at least so it is thought. The match race will be rowed in about a week or a fortnight, unless it is called off in the meantime, a possibility which may eventuate.

Among the swimmers the projected arrival of Dan Remar was warmly welcomed, but the departure of Warren McNeill today was keenly regretted. McNeill returned to the coast by the Hiloian. The Healanis would like to get a swimming race on with any club in the island, either short or long distance, or relay. The swimming course is to be measured in a day or two and times taken. Some of the younger members are showing great improvements and there is a deal of long distance swimming done of late. Round-the-harbour jaunts are of frequent occurrence, particularly on Sundays, but some of the swimmers get a little mixed in their distances, miles being gibbly spoken of where yards perhaps would not be as misleading. The exhibition given by Brandsten last Sunday has imparted more life into diving, as some of the stunts performed by the Swedish champion were splendid in their neatness and grace.

THE HOWARD COMPANY'S SCHEDULE

James Norton, with the George B. Howard Company, whose splendid work as Clay Whipple in "The Witching Hour" has won him many favorable comments.

Tonight will witness the final performance of "The Witching Hour," and a record breaking crowd will be on hand to see George B. Howard and his splendid company in the wonderful play. The demand for seats for the final performance has been so great that the management finds it necessary to announce that telephone orders for tonight's performance will not be received after seven o'clock. Reservations made during the week for this evening's performance unless called for before 8:05 p. m. will be sold to those on the waiting list. "The Witching Hour" has had an unprecedented run in Honolulu and could easily stand a continuation of season, but as the policy of the management is to make changes semi-weekly, as previously announced, the great Thomas play will be taken off this evening and will be followed Monday by "Christopher Jr." "Charlie's Aunt" will hold the boards the latter part of next week with the usual matinee Saturday

CUPS FOR GOLF TOURNAMENTS

Several golf tournaments are being arranged to take place on the Country Club's links at Nuanani. In the near future, chief among which is the competition for the Stewart Cup, the conditions for which were decided upon at a meeting of the Green's Committee a day or two ago. After consideration it was agreed that the cup be competed for annually by hole play and to remain in the possession for the club until won three times by one competitor. In order to give all golfers in the islands an opportunity of entering the competition it was decided to throw it open to all the recognized clubs in the Hawaiian Islands. This will not exclude any of the players, but it will prevent visitors to the islands, who are not connected with any local club, from carrying off the trophy.

Walter Dillingham, president of the club, has put up a trophy, but the conditions under which it will be competed for have not yet been decided. A conference between the Green's Committee and Mr. Dillingham will be held shortly at which the terms will be discussed and settled. It is customary on the Coast, and indeed, almost wherever golf is played, for the President of the year to present a cup for competition and it is hoped that Mr. Dillingham's example in this respect will be followed by all incoming presidents.

A third competition, this time confined to ladies only, is also being arranged, and it is expected that this tournament will prove a very interesting one.

The club's links are to be further improved by several alterations. The tee of the new second hole will be moved back for about thirty feet and the brush and weeds cleared all the way to the second green. When this alteration is made bogey for the second hole will be six, bringing the total to 41, but this will be reduced again to 40 when other alterations, now being discussed, are effected.

It is hoped that arrangements can be concluded to play off a team match a week or so before Thanksgiving Day. It is suggested that captains be chosen from among the members who are present on the links when the arrangements are made and sides be selected. After the match, a dinner will be held in the Club's premises and the evening devoted to suitable festivities.
